

Administrative Procedure 409

STAFF PROFESSIONAL DRESS

Background

Each school in the Division is a vibrant part of its unique community. As a result, consideration of the communities' norms and standards are to be reflected in staff dress.

Division staff will consider:

- The image that the staff member portrays to students, parents, student teachers and the greater community about the teaching profession.
- The physical comfort and safety requirements of active and experiential learning.
- The contribution that the staff member makes to students who are the central participants within the learning process.
- A calling to uphold the virtues of modesty, neatness, human dignity and understanding.

Procedures

1. [Administration](#) will communicate to the staff of the Division the expectation to dress in a professional manner.
