**5. Major Challenges:**

(Comment briefly on why these particular challenges exist, and what action the School Council and School Administration are planning to take to address the challenges.)

- The major challenge was forming an executive for the School Council. While we had the same parents attending meetings on a regular basis, there wasn't anyone willing to form an executive. The school continues to push for an executive by advertising in the newsletter, asking at council meetings and approaching parents. We have great parental involvement in the school, but not for a school council. 2
