Superintendent/CEO Evaluation Process, Criteria and Timelines

The evaluation process, criteria, and timelines:

- 1. Meets contractual requirements in that the Superintendent and Board came to a mutual agreement relative to the comprehensive evaluation process to be followed.
- 2. Provides for both accountability and growth, and the strengthening of the relationship between the Board and the Superintendent. The written report will affirm specific accomplishments and will identify growth areas. Some growth goals will address areas of improvement, while others will identify areas where greater emphasis is required due to changes in the environment.
- 3. Complies with the Superintendent of Schools Regulation. This requires that the contract between the Board and the Superintendent includes performance evaluation criteria and processes and, at minimum, provision for regular written evaluation of the Superintendent's performance.
- 4. Highlights the key role of the Superintendent as the Chief Education Officer for the Division to enhance student achievement and success for all children.
- 5. Recognizes that the Superintendent is the Chief Executive Officer. The Superintendent is held accountable for work performed primarily by othersenior administrators.
- 6. Emphasizes the need for and requires the use of evidence for evaluation purposes. Evaluations and improvement processes are most helpful when the evaluator provides concrete evidence of strengths and/or areas of improvement. Performance assessment identifies the source of the evidence in advance, while the quality indicators and competencies describe expectations in regard to that evidence.
- 7. Is aligned with and based upon the Superintendent's roles and responsibilities, as well as the Superintendent Leadership Quality Standards referenced in Appendix C.
- 8. Is linked to the Division's priorities. The current Education Plan directly links the Superintendent's performance to the Assurance process, which includes the Division's priorities.

- 9. Sets out standards of performance. The quality indicators and competencies utilized in the evaluation process set out initial standards. When growth goals are identified, additional standards may need to be set to provide clarity of expectations and a means of assessing performance.
- 10. Is also a performance-based assessment system. Such an evaluation focuses on improvement over time. The second and subsequent evaluations take into consideration the previous evaluation, and an assessment of the Superintendent's success in addressing identified growth areas.
- 11. Uses multiple data sources. Objective data such as audit reports, Alberta Education monitoring reports, and student achievement data are augmented with subjective data provided in Division surveys.
- 12. Elicits evidence to support subjective assessments.
- 13. Ensures Board feedback is provided annually, based on the timelines for evaluation as provided below, supported by specific examples, and focused on areas over which the Superintendent has authority. Feedback will be provided as mutually agreed to between the Board and Superintendent.

Timelines for Evaluations

Evaluations will be conducted as per Appendix B.

Criteria for Evaluations

The criteria for the first evaluation will be those set out in Appendix B. In subsequent evaluations, the criteria will be those defined by Appendix B as listed or revised after each evaluation, plus any growth goals provided by the Board in previous written evaluation report(s). Such growth goals may be areas requiring remediation or actions which must be taken to address trends, issues, or external realities.

The Role Expectation "Leadership Practices" will be included in the evaluation prior to reappointment, or at any time as mutually agreed.

Upon request of the Board of Trustees, an independent consultant will collect data relative to leadership practices by interviewing all school leadership and all "direct reports". "Direct reports" are defined to be those individuals who report directly to the Superintendent on the Division's organizational chart.

Appendix B is intended to clarify for the Superintendent, performance expectations held by the corporate Board. This appendix is also intended to be used by the Board to evaluate the performance of the Superintendent in regard to each job expectation and leadership competency. The Board will review the indicated evidence and will determine whether, or to what extent, the quality indicators have been achieved.

The Board and the Superintendent will be present during the evaluation session. The Superintendent will be invited to ensure the Board has full information and may choose to enter into discussion to ensure the evidence provided has been understood. The Superintendent may leave the room when the Board develops the growth goals/areas for emphasis and the conclusion section. The evaluation report will reflect the corporate Board position.

Board Policy 12 – Appendix B

Superintendent/CEO Evaluation: Guidelines

The evaluation of the Superintendent will be dependent on the following factors:

- 1. The Superintendent will receive an independent evaluation on the first year and the final year of his or her contract. The same process can be invoked at any time during the contract if the majority of the Trustees deem that one is warranted or necessary.
- During the remaining years a comprehensive survey tool, along with the Board of Trustee's and Superintendent's reflections based on observable evidence, will be utilized for the purposes set out in the Education Act for annual superintendent evaluations.
- 3. The timelines for the evaluation will be on the anniversary date of hiring in the first year of employment. The following years will be based on the school calendar year. The final evaluation (fifth year) will be conducted six months prior to the end of the contract as a transitioning tool to either a new Superintendent or renewal of contract.

Evaluation and Feedback Criteria

In addition to the Northern Gateway Public Schools' policy, the following resources should be considered or utilized when evaluating the Superintendent:

- 1. Alberta Education Superintendent Leadership Quality Standard
- 2. Alberta Regulation 98/2019 Education Act Superintendent of Schools Regulation
- 3. Alberta Regulation 84/2019 Education Act Certification of Teachers and Teacher Leaders Regulation

Appendix C provides a structure utilizing the reference documents in Appendix B. This can be used as a reflection tool by the Superintendent and the School Board and provides guidance for survey tools and interview questions.

Board Policy 12 - Appendix C

Superintendent/CEO Evaluation

Evaluation of: XXX

School Division: Northern Gateway Public Schools

Evaluation process completed by: XXX

Date of Evaluation: XXX

Reason for Evaluation:

- The first year of employment with the Division
- The last year of a contract renewal
- Other (specify)

This Evaluation is based on several data/artifact collections that include:

- Informal and formal observations and meetings
- Surveys of staff, colleagues, and trustees
- Interviews of staff, colleagues, and trustees
- Pertinent evidential artifacts
- Education plans, reports, letters, communications, division surveys
- Completion of self-evaluation by the Superintendent
- Other data or artifacts as agreed upon

The Superintendent is required to provide the Board of Trustees or designate with evidence that supports their success in meeting or exceeding the Superintendent Leadership Quality Standard (SLQS). The Superintendent is expected to use this document to review their practice annually, set specific goals and targets, and review their goals/achievements with the Board as part of their Professional Growth Plan.

Guidelines and Directions

- 1. The purpose of this form is to provide a record of the evaluator's evaluation of the incumbent's performance.
- 2. The information collected on this form will be protected and used in compliance with the Freedom of Information and Protection of Privacy Act (FOIP).

- 3. The process is agreed upon by both the Superintendent and the Board of Trustees prior to the beginning of the process and may or may not be aligned with division policy or administrative procedures.
- 4. The completed summative assessment will be submitted to the Superintendent and the Board of Trustees by the agreed-upon date. This may or may not include raw data based on the process agreed upon.
- 5. Following the evaluation process, one copy of the completed form, duly signed, shall be placed in the Superintendent's human resources file, and one copy, duly signed, shall be given to the Superintendent for his/her records.

Rating Scale

In accepting the legislated and school division mandated leadership responsibilities, the Superintendent is expected to meet the Superintendent Leadership Quality Standard throughout their career. Reasoned, evidence-based, professional judgement must be used to determine if the Superintendent Leadership Quality Standard is met. The evaluation document describes leadership actions across three performance levels for each of the 8 competencies. Each competency and associated indicators will be evaluated using the following scale:

Superintendent Leadership Quality Standard: PRACTICE PROFILE

The Superintendent Leadership Quality Standard (SLQS) is described by competencies superintendents are required to demonstrate in their professional practice. Each competency includes indicators designed to provide illustrative examples of competent leadership practice.

Indicators are actions that are likely to lead to the achievement of the competency and which, together with the competency, are measurable and observable.

This profile tool is intended to frame your reflection on your practice, based on the indicators for each competency from Alberta Education's SLQS. Additional indicators representative of your context, your practice and your plans for growth may be added. Indicators may also be representative of Alberta stories of practice and/or emerging research.

The Superintendent Leadership Quality Standard

Quality superintendent leadership occurs when the superintendent's ongoing analysis of the context, and the superintendent's decisions about what leadership knowledge and abilities to apply, result in quality school leadership, quality teaching and optimum learning for all students in the school authority.

- Modeling Commitment to Professional Learning
- Visionary Leadership
- keading kearning
- Ensuring First Nations, Métis and Inuit Education for All Students
- 🗸 School Authority Operations and Resources
- Supporting Effective Governance

A suggested approach for using this tool:

Evidence in Practice

- Review the indicators for each competency, highlighting ones that represent practices you demonstrate.
- Identify those practices you demonstrate in the "Evidence in Practice" column. (Are the practices observable? Are they measurable?)
- If you currently demonstrate a practice that is not described in the Alberta Education indicators, consider adding it to the indicator column. Additional indicators that represent your context based on examples of practice shared in the "Evidence in Practice" column may also be added.

Areas for Growth

- Reflect on your practice and use SLQS or your own indicators to assist you in identifying areas for growth.
- Areas of growth should be able to be supported by observations and measures of practice.
- You may choose to add additional indicators based on Alberta stories of practice and/or emerging research that identify areas in which you would like to grow.

The development of a professional learning and implementation plan for the areas of growth you identify can be informed by system level planning tools available at https://cassalberta.ca/planninq-for-implementation/

Interview and Survey Guide

Interviews and surveys provide another tool in the data collection process and should be collected in a spirit of trust and collaboration. Individual participation in surveys and interviews will be conducted in a manner that provides a level of anonymity while recognizing that professional conduct ensures that significant concerns or issues are brought up to the appropriate parties outside of this improvement process. There are three questions that are explored in the collection of this data. What should the Superintendent start, stop, or continue doing to be successful in meeting Division expectations and the Superintendent Leadership Quality Standard? For each competency, we seek perceptions based on the experiences and observations of individuals. An individual may not be able to respond to each competency as their role or experience may be limited. An answer of "I do not know" does not mean that it is not happening, it is just not part of that individual's experience.

Examples of interview and/or survey questions:

Perceptions of Principals, Direct Reports, and the Board of Trustees

- 1. Can you provide examples of how the Superintendent builds effective relationships?
- 2. How does the Superintendent model commitment to professional learning?
- 3. In what way does the Superintendent model visionary leadership?
- 4. How has the Superintendent led learning in the school division?
- 5. What actions has the Superintendent demonstrated regarding First Nations, Métis, and Inuit education?
- 6. How does the Superintendent demonstrate leading successful operations and use of resources in the school division?
- 7. In what ways have you observed the Superintendent supporting effective governance?
