HIGHLIGHTS, PLANS, ASSUMPTIONS AND RISKS SUMMARY- 2023/2024 BUDGET REPORT

The following were presented to the Board and approved as underlying the budget. These key points and assumptions used in development of the budget take into consideration the economic environment of the jurisdiction, focus on anticipated changes from current year, and are realistic and consistent with the three year Education Plan. At a minimum, they disclose key budget assumptions, financial & business risks, and specific strategies explaining how this budget will support the jurisdiction's plans.

Budget Highlights, Plans & Assumptions:

This budget is based on the principle of alignment with the Division's Three Year Education plan
 The budget is being prepared based on the assumption that the Minister of Education will approve the Division's request to use reserves to support operations. The approval is now required by Legislation. If our reserve spending request is not approved as presented in this budget, then, we will need to revisit our expenditures which may lead to staff reductions and higher average class sizes. There is also a risk to the following year's budget if we overspend the approved amount.
 The budget does include funding to reflect the settlement with the ATA in regards to teacher salaries.

Significant Business and Financial Risks:

The new funding model has potential to have significant funding decreases if actual enrolment does not meet projected enrolments and enrolments continue to decline, this potential clawback in funding could have significant impact on operations of the Division in the following year
 The eliminaton of Bridge/Covid mitigation funding restricted the Division's ability to apply funding where there were shortfalls in the funding categories, this has significant impact on the Operations and Maintanance budget which continues to be negatively impacted by increases in the carbon tax, insurance, utilities, the overall escalation of costs for supplies and contractors since the onset of COVID. There was a 1% increase in funding for Operations and Maintenance, however, this does not come close to covering the costs that the Divison is experiencing in this area and puts the general up keep and maintenance of the schools at risk.
 Any potential settlement with CUPE is not known at this time
