

## Board Policy 20

## **Administrative Procedures**

Administrative Procedures guide and support the day-to-day operations of the Division. The Superintendent creates and maintains Administrative Procedures that are consistent with legislation and Board policy.

- 1. The Superintendent shall develop Administrative Procedures that are consistent with the Education Act regulations and Alberta Education policies and procedures regarding the following areas:
  - 1.1 dispute resolution;
  - 1.2 early childhood services;
  - 1.3 student evaluation:
  - 1.4 surplus land and buildings;
  - 1.5 teacher growth, supervision, and evaluation; and
  - 1.6 others, as required for effective operation of the Division.
- 2. The Superintendent must inform the Board of any changes to Administrative Procedures.
- 3. The Superintendent shall post Administrative Procedures on the Division's website.
- 4. The Board, by resolution, may direct that an Administrative Procedure be changed to a Board policy.
- 5. The Board may delete a policy and subsequently delegate the Superintendent the authority over this area. The Superintendent may choose to then develop an Administrative Procedure relative to this matter.
